Narrative of Work Undertaken

(which contexts were excavated, where was work undertaken, any special objects found, noteworthy samples taken, any visitors to the site, any noteworthy events, illnesses etc.)

Cleaning/removal of loose collapse in Phil Smith's old excavation trench.

Spoil given context # (1).

Photogrammetric survey continued on NW side of mound.

New base stations for total station set.

Some delays due to problems with total station setup. New excavation/stepped trench laid out on top of mound: width 3m; #

Trench labelled A1: $\begin{array}{c} \text{E1023/} \\ \text{N1071} \end{array} \text{---} \text{---} \text{---} \begin{array}{c} \text{E1026/} \\ \text{N1071} \end{array}$

Trench will run N-S

through remaining mound and

backfill/collapse of

~~Smith's~~ trench.

Smith's. Smith's

trench assigned [3]

with collapse (1);

Started excavating test pits around site to delineate size of settlement. Test pit 1 (TP1) situated north of mound (co-ordinates to follow). First layer in TP1 given context number (2)*

Site visit by Dr Mehdi Rakbar, archaeologist

* derived by Hojat to (101)

Context Numbers assigned (1), (2)*, [3]

Special Finds Recovered

$\triangle$ to $\triangle$

Samples Taken

None
