

Sketch

The sketch illustrates a geological cross-section with the following features:

- Top Unit:** A vertical column of rock units labeled $\langle 1038 \rangle$, $\langle 1037 \rangle$, and $\langle 1036 \rangle$ from top to bottom.
- Second Unit:** A horizontal layer labeled $\langle 1036 \rangle$ with a vertical column of units $\langle 1040 \rangle$ and $\langle 1041 \rangle$ above it.
- Third Unit:** A layer labeled $\langle 1042 \rangle$ with a vertical column of units $\langle 1043 \rangle$ and $\langle 1044 \rangle$ above it.
- Scale:** A vertical scale bar is located on the left side of the diagram.
