| Description <b>Wall situated in SE part of space 2</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <p><b>Deposit:</b><br/>Compaction, colour, composition, particle size, inclusions, thickness and extent, comments, method &amp; conditions</p> <p><b>Cut:</b><br/>Shape in plan, corners, dimensions/ depth, break of slope at top, sides, break of slope at base, base, orientation, inclination of axis, truncated (if known), fill #'s, comments</p> <p><b>Layers:</b><br/>Compaction, colour, composition, particle size, inclusions, thickness and extent, comments, method and conditions</p> <p><b>Walls:</b><br/>Shape in plan, dimensions, orientation, construction method, construction material further description</p> | <p>Shape in plan: <b>Linear</b></p> <p>Orientation: the wall is running East-west alongside wall <b>11041</b> which it seems to be constructed against.</p> <p>Dimensions: <b>40 x 18 x 82 cm</b><br/>EW NS H</p> <p>Construction method: made from mudbricks and pisé. Soil can be described as silty clay the colour can be described as brown according to Munsell reading (10YR 5/3) but seems to have some shades of redish brown. The wall was relatively hard to dig through due to the bricks, but the face of <b>11041</b> was fairly easy to detect.</p> <p>Only a few pieces of flint excavated + few bones<br/>One ground stone fragment found next to the <sup>western</sup> butt</p> |
